

Updated Prayer Request March

Thursday I see heart doctor. Hope you might pray for healing

We thought our universal coloring pages were an idea directly from God... coloring pages that any missionary or local pastor anywhere in the world could add any verse in the Bible in any language in the world. But they are slow to catch on. We have decided to see if we will have more users if we do the translation ourselves.

Hope you might pray for that God make his guidance so clear that even *I don't miss it??*

THANK YOU ALL...very much.

Charles
