We should not keep something like being hurt a secret. After we talk about it God will help us forgive those who hurt us.

God wants us to tell Him and our favorite grownups when people hurt us.

The odds that your child will be abused during his or her lifetime are about 1 in 4, maybe 1 in 3. The ODDS that they will be bullied at school are about 8 out of 10 (80%). Pray with them for the faith to talk to God about their hurts and fears and **COURAGE** to share their problems with others.
