For my Mother: The Doctors are having moderate success at finding a blood pressure medication that helps my mother (Dorothy) but at least once a week it spikes to 220/110. These spikes are life threatening. Could you pray for God's blessing on her...that he would get her blood pressure under control...level it out at a safe level... *that he improve her circulation* **and protect her from a heart attack** or stroke. She is a dear dear lady and misses my Dad so very much. Her name is Dorothy. This request means a great deal to me and I thank you more than words can say.

Perhaps too you could pray that IF she is not a Christian God would call her name and draw her close to him. I believe she is but it has been on my mind. I am praying that he combine her assurance of salvation and healing in a single act.

For Project Homeword

PS. Perhaps you could pray for me too. For twenty years now I have asked God to make a way for me to work on this website and Project Homeword full time...UNDISTRACTED....even if it is only six months and it has not happened. I have to fit it in around my day job which makes it very hard to truly FOCUS. Sometimes I pray for 300 churches to purchase our two CD set...sometimes for a generous Donor with an extra \$5,000 but **what I really desire is THE TIME to do what I think God is asking of me.** A second request would be for grace to **TRUST him and sleep at night.** Partly it is concern for mother and partly other stresses. Somehow I do not seem to be very good at resting.
