

**At this years world summit for Child Evangelism
the number one request I heard was:
We need materials in our own language.**

IN RESPONSE. We have translated our Lord's prayer coloring book and support materials to Indonesia, Gujarati, Spanish, French, Portuguese, Telugu and soon Russian, Tamil, Chinese and nearly 70 additional languages. Hope you might pray for grace to find the right translators and that I would be invited to speak at next years world summit. We believe our emphasis on prayer is worth their attention.

PRAISE Samaritan's Purse has included our "Letter to Jesus" in over 3,000 of this years shoeboxes. Their report is that things went quite well with good prospects for an increase next year. Pray that God gives me a good report from my cardiologist when I see him today at 9am central standard time
