

Prayer Request

Take this request to your churches Prayer Chain???

Continued Prayer for my mother Dorothy? Hope you might continue to pray for mom's heart...that God strengthen and heal. The holidays were hard for her and she is not seeing as well. The worst thing is probably her worry for my brother Phillip recently diagnosed with Alzheimers. She so wants him to leave St. Louis and move to Topeka (nearer to family) but he is slow to make the decision and she is wearing herself out with worry. Thank you for praying. This request is precious to me, especially that God lift her spirits?

Our most critical prayer request is that God continue to make it possible for us to pursue our dream for this next generation of children: God's word ON DISPLAY in their homes, a Bible Verse in their pocket each morning and a HABIT of praying with others.

Personal prayer request: Grace to trust God on a daily basis and in all things. I keep trying to pick up our dream in my own strength and then I get grouchy. I miss very much the support of belonging to a weeknight group. Pray God helps me find one as supportive as the last?
