

Project Pray 2010

Could you share this page with your church leaders or Sunday School Department? The goal is to beg God daily for just one young family a month to visit your church and to feel so loved that they stay.

Short Version to include in your church bulletin:

Our Pastor and elders ask you to join them in asking God to bring one young family a month to visit our church and to feel so loved that they stay. We ask that you cut this square out of your bulletin, put it on your breakfast table and pray it at the beginning of each day.

Longer Version to Share with Prayer Groups, in Newsletters and for Personal Devotions.

Lord God...grow us into your image. Help us think of ourselves as Father's and Mother's to the Fatherless. Help us be willing to accept a single mother or a blended family and to make them feel welcome. Create in us a passion for unchurched families. Lord we ask you this month for just one family to discover you and then our church. We know father that the best way to see others saved is to let you save us utterly and completely so we commit Ourselves to walking so closely with you that our church will be the one you choose To shepherd your lambs. Strengthen us Father that we might have enough love, enough joy and enough faith to share. Help us lord to think of our Nation's children and pray them into your body and ours. In Christ's name we pray. Amen.

Churches (Sunday School classes) who put our coloring pages (www.teachustoprayer.com and www.biblehome.org) out in Doctors Office, Auto Repair Shops, Prison waiting rooms etc. might consider printing this message (or something like it) on the back.

Dear Parents

Sunday School is good for your children and good for you.

We would love to have you visit.

Give us a call _____.

Add your church's name here.
