

Prayer and Praise for May 2022

There is so little paper in the US that printing this years 50,000 copies of our newest coloring book “Jesus Today and Everyday” will cost me \$9,000 dollars out of my retirement account. Hope you might pray this is God’s will and that he help me find other ways to pay. The paper shortage is so serious that even Decision magazine will be at least two weeks late.

My memory problems and sense of God’s leading are MUCH better...But I hope a few at least will continue to pray.

THANK YOU VERY MUCH to those who visit

And if possible let me know what you think??

Charles
