

Prayer Request for June

Thank you for praying!!! This month we are submitting grant proposals for \$25,000, enough to print and distribute 100,000 coloring books to inner city children in Indiana and Illinois. **Hope you might pray for God's blessing on these query letters?????** *We know of NOTHING else that could help children and families so much for just 22 cents per child.*

Continued prayer for healing for my heart. The Doctor tells me that the more often my heart beats without help from the pacemaker the better I will feel. Currently the pacemaker is still firing 30 beats a minute and my heart does not much like it. Many days I run out of energy before I am ready. Finishing the work on our sites is important to me. Hope I can convince my heart to stick with me??

Praise report!!! This month (June) the Salvation Army Magazine Is featureing my eighth article with them "Be a New Testament Parent" We have loaded it to our website under "Articles" and hope you might share it with anyone you know.

THANK YOU ALL...very much.

Charles
